ADDITIONAL NOTES:

1. Qwest Local Access is the secure local access connection from the customer premises to the national Qwest Communications Corporation (QCC) network available in a wide range of speeds and protocols.

2. There are 3 categories of Qwest Local Access:
   - Qwest Provided Access (QPA) - Qwest is providing the local access connection through leasing facilities or using Qwest-owned facilities.
   - Customer Provided Access (CPA) - Customer orders its own local access from a local exchange carrier (LEC) to connect its premises to the Qwest domestic network at a demarcation point specified by Qwest. CPA Layer 3 availability through Large Customer Deals (LCD) only.
   - Cross Connect Local Access - Applies when the customer wants to purchase a Qwest national network service and has an existing Qwest collocation* or direct-connect* agreement. The Cross Connect Access will connect the customer's collocated or direct-connected equipment to the Qwest national network.
   - * Protocol is not applicable because cross connects are only available at an optical (via fiber) and an electrical (via coaxial) level at a Qwest-identified fiber-optic distribution panel-digital system cross-connect frame (FCP/DSX) to provide connectivity to a Qwest transport services.

3. Qwest Local Access is not a stand-alone service, but instead part of an end-to-end customer solution. These solutions are part of a robust suite of QCC products including Domestic Private Line, Qwest iQ Networking including MPLS (legacy DIA for Reverse Multiplexing), Hosting, ATM, Frame Relay, Private Routed Network and Dedicated Voice (inbound and outbound).

4. 12 month minimum service period. - NON-*RECURRING charges will be waived for 12 months of continuous service at installed location.

5. **Pricing is for local loops in Qwest franchised territory only. Pricing in non-Qwest franchises will be ICB. ELA pricing is for QC territory in MOE disclosed areas only. Contact your Qwest Account Team for availability. ELA pricing does not include special construction. Any required special construction charges will be the responsibility of the customer

6. Customer Provided Access (CPA) pricing defined above is based on entire county, lower pricing can be achieved with defined addresses

7. Private Line pricing is contingent on available facilities. Special Construction may apply.

8. NSP = Not Seperately Priced.

ADDITIONAL NOTES:

1) The rates set forth herein do not include cost associated with local access

2) Billing and rounding rates are quoted in full minutes. Call rounding is 18 initial and six-second incremental

3)Local Exchange Carrier may charge for each Primary Exchange Carrier (PIC) and Local Primary Interexchange Carrier (LPIC). Reimbursement of PIC Change Charge shall be credited up to $5 each when charges are associated with the implementation of domestic services.

4) Feature costs are per 8XX

5)Qwest Geo Plus TM advanced routing option is only offered through an alliance with S.E.C.R. Telecom. ICB prices are based on Qwest design with Customer.

6)VNS Committed Volume discounts available with five year agreements. Must commit to 60% (sixty percent) Interstate (Nation-wide) Traffic Distribution. Dedicated rates set forth herein do not include local access associated with VNS

7) NRC of $15.00 Waived for all contract terms.

8) Contact your Account Team for 64Kbps Clear Channel Capability availability.

9) 8xx CAPS are NOT Available for EZ Route, GeoPlus, TnR, Industry Directory Assistance, 8xx Number sub-fees & per minute charges for Interstate, Intrastate, Domestic & Intl; Capsare set permonth per account and based on contract terms.

Quality of Service Per 3 Mbps of Priority 1 Traffic, per EVC *(See Note 6)*	MEO3M	$40.00		MEO33	$25.00		MEO35	$20.00	

Per 5 Mbps of Priority 1 Traffic, per EVC	MEO1M	$65.00	$0.00	MEO13	$40.00	$0.00	MEO15	$35.00	$0.00
NRC to change a QoS Template (does not apply to initial order to install QoS)	NHCE9	$0.00	$175.00						
Protect Routing									
10/100 Port Types	PO41M	$1,200.00	$0.00	PO413	$950.00	$0.00	PO415	$900.00	$0.00
1000 Mg Ports	PO42M	$1,500.00	$0.00	PO423	$1,250.00	$0.00	PO425	$1,200.00	$0.00
Optical Reconfiguration	NKC51	$0.00	$175.00						

ADDITIONAL NOTES:

1. Qwest Metro Optical Footprint includes any location served by a disclosed central office.
2. Service may be subject to network disclosure and availability in some areas. Contact your account team for additional information.
3. Installation and/or special construction charges may apply.
4. Additional equipment may be required.
5. A Company provided DS3 Channel Termination and Transport Channel Mileage (for distance between a MOE Central Office Switch and Company Non-MOE Central Office) at rate set forth in pricing worksheet APP C 1027 AZ QC INTRA DS3 will be assessed when MOE is connected to a EwET. An EwET Customer Interface will also be assessed.
6. 3 Mbps of Priority 1 is only available for 3 Mbps, 5 Mbps and 7 Mbps Bandwidth Profiles.
7. One year minimum service period.

ICB BULK BILLING:									
Primary Rate Voice/Data 23 B+D, 24B, per span:									
Delivered via Copper Facilities				Z4D	$477.00	$0.00	Z4D	$399.00	$0.00
Riding DS3 or Higher Facility				Z4D	$452.00	$0.00	Z4D	$374.00	$0.00
Uniform Access Solution 2-Way, per span:									
Delivered via Copper Facilities				ZPGSX	$477.00	$0.00	ZPGSX	$399.00	$0.00
Riding DS3 or Higher Facility				ZPGSX	$452.00	$0.00	ZPGSX	$374.00	$0.00
Uniform Access Solution 1-Way, per span:									
Delivered via Copper Facilities				X4D	$477.00	$0.00	X4D	$399.00	$0.00
Riding DS3 or Higher Facility				X4D	$452.00	$0.00	X4D	$374.00	$0.00
The Monthly BULK BILLED Discout rate includes the following, per span:									
DS1 Facility									
Service Configuration									
Voice/Data Trunking									
The Monthly BULK BILLED Discount rate does not include the following, per span:									
DID Numbers									
CALC									
Local Number Portability									
Normal Taxes and Surcharges									
ICB PACKAGE Primary Rate Voice/Data 23 B+D, 24B, per span*:									
Primary Rate Voice/Data 23 B+D, 24B, per span:									
Including 100 DID number plus calling name delivery									
Delivered via Copper Facilities	N/A			Z4D	$492.00	$0.00	Z4D	$399.00	$0.00
Riding DS3 or Higher Facility	N/A			Z4D	$467.00	$0.00	Z4D	$374.00	$0.00
Non-recurring charges for all new PRI DS1s and trunks/network connections will be waived									
ICB INTEROFFICE TRANSPORT MILEAGE: (Note 8)									
0 - 8 Miles Fixed	XUWP1	$50.00	$285.00	N/A	N/A	N/A	N/A	N/A	N/A
0 - 8 Miles Per Mile	JZ3PA	$2.00	$0.00	N/A	N/A	N/A	N/A	N/A	N/A
9 - 25 Miles Fixed	XUWP2	$50.00	$285.00	N/A	N/A	N/A	N/A	N/A	N/A
9 - 25 Miles Per Mile	JZ3PB	$2.00	$0.00	N/A	N/A	N/A	N/A	N/A	N/A
26 - 50 Miles Fixed	XUWP3	$50.00	$285.00	N/A	N/A	N/A	N/A	N/A	N/A
26 - 50 Miles Per Mile	JZ3PC	$2.00	$0.00	N/A	N/A	N/A	N/A	N/A	N/A
Over 50 Miles Fixed	XUWP4	$50.00	$285.00	N/A	N/A	N/A	N/A	N/A	N/A
Over 50 Miles Per Mile	JZ3PD	$2.00	$0.00	N/A	N/A	N/A	N/A	N/A	N/A
Non-recurring Charge is applicalbe if Transport Mileage is ordered without a Channel Term USOC									
MISCELLANEOUS (Same for all terms):									
Calling Name Delivery per DS1 Facility	NM1PP	$20.00	$175.00	NSP	NSP	NSP	NSP	NSP	NSP
Redirecting Number Delivery per DS1 Facility	RN4PP	$7.00	$55.00	NSP	NSP	NSP	NSP	NSP	NSP
ISDN Call Transfer (2B Channel Transfer) per DS1	ZPTMX	$25.00	$100.00	NSP	NSP	NSP	NSP	NSP	NSP
Roll Over Charge - DS1 to DS3 or higher facilities	NR6RC	$0.00	$325.00	NSP	NSP	NSP	NSP	NSP	NSP

Facility Re-arrangment Charge		$0.00	$50.00	NSP	NSP	NSP	NSP	NSP	NSP
Move (within same Central Office)		$0.00	$500.00	NSP	NSP	NSP	NSP	NSP	NSP
Move (outside current Central Office)		$0.00	$1,000.00	NSP	NSP	NSP	NSP	NSP	NSP
DID Numbers - Block of 20	NGS	$3.00	$20.00	NSP	NSP	NSP	NSP	NSP	NSP
DID Numbers - Individual	NHN	$0.15	$1.00	NSP	NSP	NSP	NSP	NSP	NSP
Block of 10,000 or greater sequential DID Numbers, per Block of 20	NSP	NSP	NSP	NSP	NSP	NSP	NGS	$2.40	$0.00
Non-sequential telephone numbers each for customers with 10,000 DIDs or greater.	NSP	NSP	NSP	NSP	NSP	NSP	NHN	$0.12	$0.00

ADDITIONAL NOTES:

1) USOC listed is most common. Other USOCS for same service may exist and are available upon request.
2) End User Common Line charge applies 5 per PRS facility
3) EAS increments may apply in addition to the PRS rate elements
4) Check no term monthly rate availability
5) Service available based on disclosure of Serving Wire Center (SWC).
6) Customer may be able to have service outside disclosed SWC, but backhaul mileage charges would apply to disclosed SWC.
7) PRI service can be served dial tone from a switch that is not in the customer's local wire center. The customer would pay Intrastate DS1 Mileage between the wire centers.
8) ICB INTEROFFICE TRANSPORT MILEAGE does not apply to Remote Central Office customers unless the Host office is not disclosed or if they request DID numbers from the Host office.
9) "No Term" rates subject to Arizona tariff rate changes.
10) One month minimum service period.
11) * Items marked with * require Special Contract Handling. Please review methods for process.

ADDITIONAL NOTES:

1) iQ Private Port Ethernet subject to availability. Contact your Qwest account team for additional information.
2) Check for availability of iQ Private Port DSL Delta with your account team. QoS and SLAs are not supported on DSL.
3) See QCC Local Access for iQ Local Access charges.
4) Frame Relay Partner Access (APA) and ATM Partner Access (APA) prices only apply to locations within Qwest territory.
Non Qwest territory location local loop pricing is ICB. See QCC Local Access Pricing Worksheet.
5) 12 Month minimum service required. NON-*RECURRING charges will be waived for 12 months of continuous service at installed location.

Additional Line MRC (for each addition line over the initial 6)	ICB	ICB	ICB	ICB	NSP	NSP
Remote Configuration Support - per hour	ICB	ICB	ICB	ICB	NSP	NSP
Premium Maintenace MRC, (per Package)	ICB	ICB	ICB	ICB	NSP	NSP

Minimum of 6 lines per package.

Rental CPE Options: Standard NBD maintenance is available for all 3 year term Qwest iQ Data Bundle locations.

Enhanced 8x5 on-site 4-hour response and Premium 24/7 on site 4 hour response maintenance is available on a 3 year term for qualifying locations.
Service priced separtely from packages above. Contact your Qwest Account Team for additional information.

24x7 Maintenance Qualification: A customer's location must qualify for 24x7 on-site maintenance support which is primarily based on geography.

Elibigiliy and Restrictions: Pricing assumes Zero-mile "green" local loops. Contact your Qwest Account Team for additional information.
Offer not available with Customer Provided Access , or with Corss Connect, nor with Meet Point Billing facilities.

To receive the bundled rate, customer must order all elements of the Qwest iQ Networking Bundles.

Other restrictions may apply. See Qwest Account Team for additional information.

Remote DID Usage Rate (per minute)	ICB	ICB	N/A	$0.01	N/A	$0.01

VoIP Trunking Additional Notes

*Customer will be charged $1.95 per month for each white page listing. Purchase of a white page listing will include a yellow page listing at no additional charge for Qwest Corporation In-Region/in-franchise locations only. "In-Region" means Qwest Corporation's 14 state local service territory. White page listing are not supported for Remote DIDs.

**A service instance is a trunk group location. A "Per Service Instance" charge will be billed once for each trunk group location ordered by Customer, even if Customer orders multiple trunk groups to the same location.
A session is capable of supporting 1 phone call at a time.

Usage session are used with 8xx and Remote DID services. There is no charge for the sessions, but MOU charges will apply for both Remote DID and 8xx services.

SIP REFER is charges on a per Max Usage Session basis. The customer is charged the rate listed above per ordered Usage session. Like 8xx TnR there is an appropriate usage charge for each leg of the call.

Switch Diversity provides the customer access to separate, pysically diverse SBC in the Qwest network. IP Diversity is available to customers who have purchased multiple Qwest IQ Networking ports of the same service type in conjunction with their internal network to provide backu connectivity for their SIP Trunk Service. In addition to the charges for the redundant Qwest iQ Networking ports (purchased separately), there is an IP Diversity Setup NRC charge listed associated with this feature.
Remote DID service is billed on a metered MOU basis. The rate is a nationwide rate and is distance insensitive.
12 Month minimum service required. The following VoIP Trunking NON-RECURRING charges will be waived for 12 months of continuous service at installed location.
-8xx Service Activation (per Service Instance)
-SIP REFER Activation (per Service Instance)
-VOIP Switch Diversity Setup (Per Service Instance)
-IP Diversity Setup (per Service Instance)
-Dedicated VoIP Interconnect Setup (Covers all Locations)
-Directory Assistance (per Call)
-Remote DID Usage Rate (per minute)
