# Fun with Numbers

This is an opportunity for you to sharpen your math skills in the grocery store. Follow the directions for each step below.  
Good luck!

You buy 5 gallons of skim milk for \$2.37.

What is your cost? \_\_\_\_\_ = \$ \_\_\_\_\_

As you are checking out, you realize they are all 25% off the original price.

What is your new cost? \_\_\_\_\_ = \$ \_\_\_\_\_

Then you find a \$0.40 coupon that can apply to 3 gallons of milk.

What is your new cost? \_\_\_\_\_ = \$ \_\_\_\_\_

What is your new total per gallon of milk?

\_\_\_\_\_ = \$ \_\_\_\_\_
